

July 2023 Newsletter

1 - Maurice's Motion RC F-16 Ducted Fan. Looks great in the air.

Moved to Spain

Stephan Birkmann

Many of you know Stephan due to his great piloting skills and his love for 3D printed airplanes. We are sorry to learn that Stephan has moved to Spain on a new job assignment. I hope he stops by for a visit sometime in the future.

-Vic

Biplane Day

The Biplane Day event last year had many members in attendance with their beautiful biplanes. We will hold this event again this year on the last Saturday of this month (July 29th 2023). We hope to see you even if you don't have a biplane. Refreshments will be provided.

Happy Birthdays

Charles Sheldon

Ewing Taylor

Ken Pramik

Leonard Pennisi

Jet Flight Demo (Must See)

Here is a link to a demonstration flight that shows a turbine powered jet in the hands of an expert. This is just pure skills and control! <https://youtu.be/tmqMJuXcFks>

Feedback

This month we are asking for your feedback on the monthly Newsletter. Please send a quick message to Victor Madison at yemadison@yahoo.com with your opinions (Good, Bad, or Ugly) of the Wright Flyers Newsletter. All comments are greatly welcomed. We want to insure that the newsletter addresses things of interest to all members.
