## Scout Day

We had a very good turnout of the scouts from Troop 361. We presented a certificate of appreciation to Kjell te Plate who headed up the project to build and deliver two beautiful picnic tables for our flying field. The scouts were allowed to fly a trainer plane on a buddy box and fly my 4-rotor drone. The scouts and parents all had a great time. Thanks to the few club members who came out to enjoy and provide help for the event.

Here are some photos of the activities during the day:

1 - Vic Madison, president of Wright Flyers, presented a certificate of appreciation and a custom trophy to Kjell te Plate.

The scouts were introduced to the controls associated with the RC models. Maurice te Plate provided instructions on the use of the transmitter and how it would be used during the buddy-box flights.

Maurice te Plate took each of the scouts up for buddy-box flights on a Husky trainer plane and a glider. Vic Madison took some of the scouts up to fly his multi-rotor drone.

The scouts made use of the new picnic tables. Hot dogs, hamburgers and drinks were provided by the club.

## Tail-Gate Flea Market

Just a reminder that we will have the 1st Annual Wright Flyers Tail-Gate Flea Market at the flying field on October 14th. Here is your chance to bring out, sell, swap, or give away some of your RC equipment that you want to relinquish. You may also find that "bargain basement deal" that you just can't refuse. Hope to see *your tail gate* on October 14th in the parking lot at the field.

## Happy Birthdays
